

Renee Gould

Renee loves the idea of a self-sufficient homestead with beautiful children, contented livestock, handy working horses, and the occasional household pet. But most of all, she loves encapsulating in oil paint, the beauty, delicacy, strength, and character of the animals found around her prairie home on the family farm outside of Consort, AB.

Art has always been a part of her life, however, it didn't become a full time business until she moved to her prairie home and had kids. By embracing her artistic side and painting, she gets to share with others the things that she truly loves about life on the farm.
